New HOA Website is coming!

OUCH, THAT CEMENT IS HOT!

On a 77-degree Fahrenheit day, the temperature of asphalt has been recorded as high as 125 degrees Fahrenheit, while on an 87-degree Fahrenheit day, the temperature of asphalt has been recorded as high as 143 degrees Fahrenheit!

These temperatures can cause your dog's paws to burn in as little as 60 seconds.

Keep your little furry ones in mind this summer!

BRANDON ACRES NEWSLETTER

Lawn Care:

Kindly respect your fellow neighbors by keeping your lawn cut, curbs trimmed and yard tidy. Grass and weeds grow fast this time of year so if you need help maintaining your property, please reach out to the BAHA Board and we will gladly help you identify a landscaping professional who can assist you.

Don't forget to bring a baggie or 2 with you when out walking your dog. Please be a responsible pet owner and curb your pet when nature calls. Your neighbors would greatly appreciate not accidentally stepping in poop when mowing their lawns. Recycle that mound of extra plastic grocery bags which come in handy for this purpose!

KEEP OUR COMMUNITY SAFE!

The neighborhood speed limit is 25 mph. Please protect our kids out playing as well as neighbors with babies and pets out walking by reducing your speed throughout the neighborhood.

No one really wants to deal with speed humps so let's all do our part and not go there!

AMENITY CARE

Please make sure to follow the new pool rules that were recently dropped off on your mailbox. The pool is a place for all of us to relax and enjoy so cleaning up after ourselves and making safe choices will keep it an enjoyable space for all!
